Federal Reserve Bank of Richmond   *March 8, 2020*

Richmond, Virginia

Business Analyst

Dear Hiring Team,

It is with great gratitude that I apply for a career with Federal Reserve Bank of Richmond as a Business Analyst. I am a graduate of Pineapple University, where I earned a Bachelor of Science in Vegetable. During my education and work experience, I have developed excellent data collection, analysis, interpretation ,visualization, collaboration and problem solving skills. . I am passionate about data analytics, about constantly learning new statistical methods and tools to incorporate into my analysis and reporting to help solve new problems and harness new data insights.

I have taken graduate level Pina Colada classes and I have experience using Excel, Python and many of it's libraries for data analysis, visualization and dashboard design such as Pandas, Numpy, Plotly, Dash, Matplotlib, SciPy and Scikit-Learn. I also have experience with mathematical modeling, working with Unix/Linux operating systems, using the command line, Jupyter notebook, creating dashboards with Tableau and experience working with RDBMSs such as PostgreSQL, MySQL and MS-SQL 2012.

This opportunity would not only help me advance my career in the field that I'm strongly passionate about, but it would also be an opportunity to engage and collaborate with creative and passionate people with similar interests.

Thank you for reviewing my application, if you require any additional information or have any sort of questions, please contact me by email or by phone.

Kind regards,

Peter Pineapple
